

Hogg Construction

Ivy Hall Assisted Care Baltimore, MD

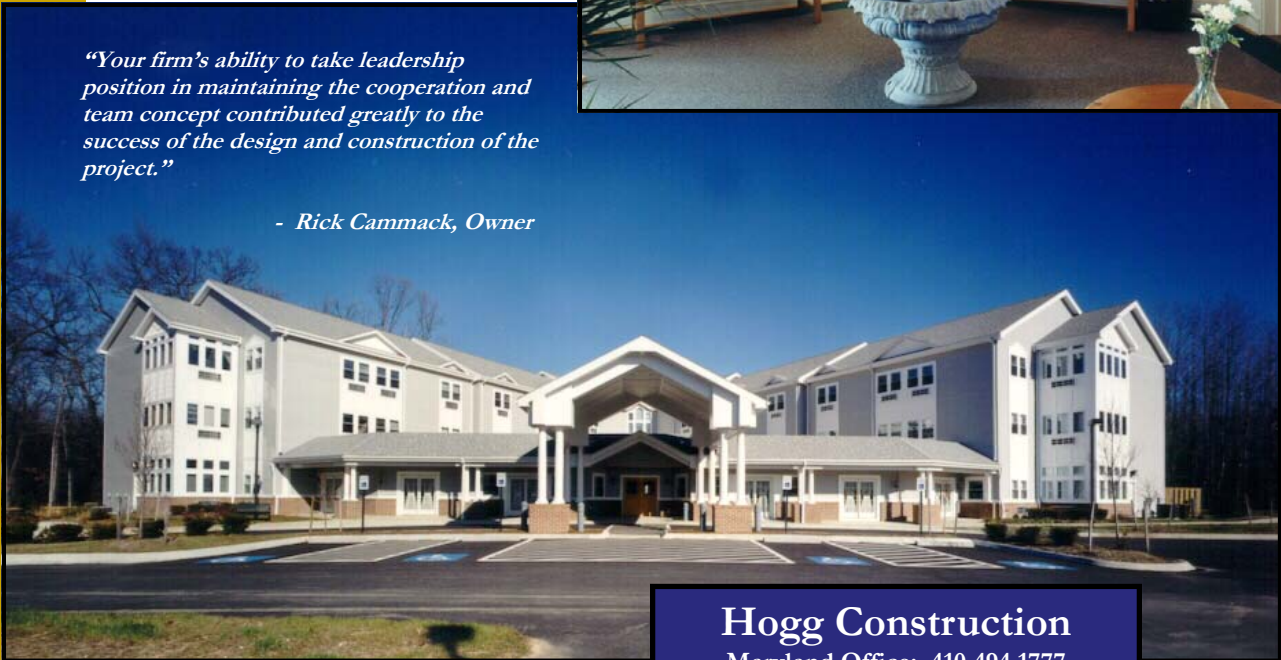

Project Highlights

- 43,000 square foot high quality living space
- Full service dining and kitchen facilities
- All-steel frame design
- Light gauge steel trusses at the roof
- Hogg value-engineering throughout design process

"Your firm's ability to take leadership position in maintaining the cooperation and team concept contributed greatly to the success of the design and construction of the project."

- Rick Cammack, Owner
