

Hogg Construction

Day Village Senior Housing Dundalk, MD

"The Hogg team was dedicated throughout the span of the project, even when Hurricane Isabel left the job site under many feet of water and caused things to come to an unexpected halt ... Hogg continually kept all of our interests in the forefront from the start, helping us to properly communicate with Baltimore County ... Everyone at Hogg gave 110% at all times." - Allison Lloyd, Project Manager, Day Village

Project Highlights

- 12,000 square foot renovation, transforming existing two-story town homes into single story, garden-style apartments for senior living.
- Removal of internal stairwells, along with the creative addition of a breezeway between the units and rear ramp and steps, provide ease of access to the new single-story units.
- Wooden deck-style porches and ramps add beauty and charm, as well as functionality and convenience.
