

Hogg Construction

Fulton Bank

Mechanicsburg, PA

"Hogg Construction performed the role of General Contractor to our complete satisfaction, within our budget and time frame and provided us with a beautiful building. Hogg Construction will continue to be on our preferred vendor listing for all new branches and buildings for Fulton Financial Corporation. Their track record on a number of our construction projects is outstanding."

*- Paul David Cowan, A.I.A., Corporate Architect
& Vice President*

Fulton Financial Corporation

Project Highlights

- Open timbered frame entrance
- Exposed structural open timber lobby ceiling with accent lighting and windows
